Safe Harbor Statement / Non-GAAP Financial Measures

This presentation contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which reflect our current view with respect to certain events that could have an effect on our programmer. These statements relate to expectations concerning matters that are not historical fact and may include the words or phrases such as "will," "should," "expects," "believes," "anticipates," "plans," "intends," "estimates," approximately," "our planning assumptions," "future outlook," and similar expressions. Except for historical information, matters discussed in such statements are forward-looking statements are based largely on information currently available to our management and on our current expectations, assumptions, estimates, judgments and projections about our business and our industry, and are subject to various risks and uncertainties that could cause actual results to differ materially from historical results or those currently anticipated. While we believe these expectations, assumptions, estimates, judgments and projections are reasonable, such forward-looking statements are only predictions and involve known and unknown risks and uncertainties, many of which are beyond our control. These and other important factors may cause our actual results, performance or achievements expressed or implied by these forward-looking statements or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements. Some of the factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements. Some of the factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements. Some of the factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements. Some of t

This presentation includes certain non-GAAP financial measures, including Adjusted EBITDA, Adjusted EBITDA growth, Adjusted EBITDA margin and Revenue CAGR. These non-GAAP financial measures should be considered only as supplemental to, and not as superior to, financial measures prepared in accordance with U.S. GAAP. Please refer to Slides 37, 38 and 39 of this presentation for a reconciliation of Adjusted EBITDA to net income (loss). Adjusted EBITDA is defined as net income (loss) before depreciation and amortization, interest expense, incometaxes, and also adjusted to add back certain charges and expenses, such as transaction costs and non-cash compensation costs, as these charges and expenses are not considered a part of our core business operations and are not an indicator of ongoing, future company performance.

Large Industry with Accelerating Growth

The LAC Remittance Market

Strong Remittance Volume Growth in Intermex's Core Markets (1)

- Hispanics represent over 50% of foreign-born residents in the U.S. and are highly concentrated in California, Texas, Florida, and New York
- Substantial opportunities exist for continued increases in LAC remittance volume as housing starts grow and wages for foreign-born Hispanics increase
- · As the number of Hispanic foreign-born workers continues to rise, volumes of remittances sent back to families in LAC countries should increase accordingly

Customer Transaction Flow

Illustrative example of \$375 transaction to Mexico

U.S. Customer sends \$375 to Mexico through:

- In person wire transfers
- · Online money transfers

\$375 +\$10 fee

Agent records \$375 transaction to Mexico and charges the customer \$385 and provides customer with transaction code.

\$375 is wired to Mexico. Customer picks up money with transaction code in local currency.

Intermex processes transaction through proprietary platform with an integrated regulatory compliance model and payer network relationships.

- Intermex earns \$10.00 Fee Revenue plus ~\$2.50 Foreign Exchange Spread Revenue
- Intermex pays sending and paying agent commissions

Intermex earns \$5.05 net on \$12.50 gross revenue

Core Growth Opportunity

Long runway for same-store and greenfield growth in "stronghold" states

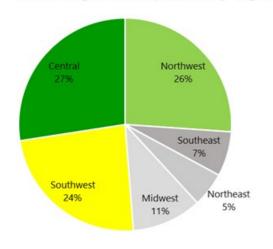

- ➤ There are more zip codes with high foreign born populations in our "stronghold" states that we want to operate in than zip codes that we currently operate in
 - ❖ Growth in our 15 "stronghold" states is ~2x that of Mexico market growth
 - ❖ 30%+ growth in 5 of 15
 - ❖ 20%+ growth in 10 of 15
 - ❖ 10%+ growth in 15 of 15
 - Continued effort to penetrate with the right retailers

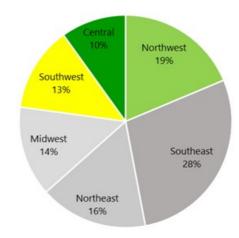

Core Growth Opportunity

Further penetration is a long-term driver of meaningful growth

Systematic and Efficient Sales Strategy and Execution

Target U.S. ZIP codes with high concentrations of Latin American foreign born residents

2

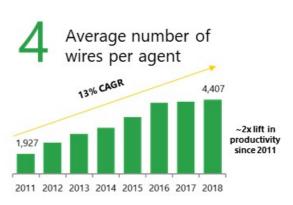

Locate and interview agents in target Zip codes that meet Intermex Agent profile.

- High transaction volume
- Trusted member of community
- · Strong compliance environment
- · Credit Worthy

3 🚳

Partner with agent to:

- Provide Solutions
- · Sell Benefits
- Complete Business Review
- · Finalize Commitments

From Irma to Earthquake - Testing Resilience

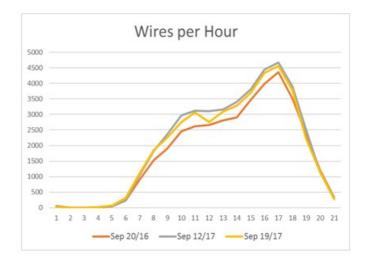

Hurricane Irma

- Intermex deployed its Business Continuity Plan (BCP) 3 days before the event
- Mexico and Guatemala subsidiaries supported key stakeholders in Miami
 - Equipment supplied to key personnel (i.e. satellite phones, hotspots and backup laptops) allowed for uninterrupted communications
- HQ facilities ran on generator for 5 days
- · Data and voice circuits were unaffected

Mexico Earthquake (Tuesday, Sept 19 2017)

- Facilities in Puebla, Mexico were evacuated at 2:14PM EST
- Intermex immediately activated its BCP to enable operations center support
- Within a 2-hour period, calls were routed and processes handled as per BCP by Miami and Guatemala backup personnel

Note: Graphs show minimal to no impact to business operations.
