QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2021

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File No. 001-37986

INTERNATIONAL MONEY EXPRESS, INC.

(Exact name of registrant as specified in its charter)

Delaware

47-4219082

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer Identification No.)

**9480 South Dixie Highway
Miami, Florida**

33156

(Address of Principal Executive Offices)

(Zip Code)

(305) 671-8000

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common stock (\$0.0001 par value)	IMXI	Nasdaq Capital Market

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

<input type="checkbox"/>	Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer
<input type="checkbox"/>	Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company
		<input checked="" type="checkbox"/>	Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act): Yes No

As of July 30, 2021, there were 38,593,052 shares of the registrant's common stock, \$0.0001 par value per share, outstanding. The registrant has no other class of common stock outstanding.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q may contain certain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which reflect our current views with respect to certain events that could have an effect on our future performance, including but without limitation, statements regarding our plans, objectives, financial performance, business strategies, expectations for our business and the business of the Company.

These statements relate to expectations concerning matters that are not historical fact and may include the words or phrases such as “would,” “will,” “should,” “expects,” “believes,” “anticipates,” “continues,” “could,” “may,” “might,” “plans,” “possible,” “potential,” “predicts,” “projects,” “forecasts,” “intends,” “assumes,” “estimates,” “approximately,” “shall,” “our planning assumptions,” “future outlook” and similar expressions, but the absence of these words does not mean that a statement is not forward-looking. Except for historical information, matters discussed in this Form 10-Q are forward-looking statements. These forward-looking statements are based largely on information currently available to our management and on our current expectations, assumptions, plans, estimates, judgments and projections about our business and our industry, as well as macroeconomic conditions, and are subject to various risks and uncertainties that could cause actual results to differ materially from historical results or those currently anticipated. Although we believe our expectations are based on reasonable estimates and assumptions, they are not guarantees of performance and there are a number of known and unknown risks, uncertainties, contingencies and other factors (many of which are outside our control) that could cause actual results to differ materially from those expressed or implied by such forward-looking statements. Accordingly, there is no assurance that our expectations will, in fact, occur or that our estimates or assumptions will be correct, and we caution investors and all others not to place undue reliance on such forward-looking statements. Some factors that could cause or contribute to such differences include, but are not limited to, the following:

- changes in applicable laws or regulations;
- factors relating to our business, operations and financial performance, including:
 - the COVID-19 pandemic, responses thereto and the economic and market effects thereof, including unemployment levels, inflation and increased capital markets volatility;
 - competition in the markets in which we operate;
 - volatility in foreign exchange rates that could affect the volume of consumer remittance activity and/or affect our foreign exchange related gains and losses;
 - cyber-attacks or disruptions to our information technology environment, computer network systems and data centers;
 - our ability to maintain agent relationships on terms consistent with those currently in place;
 - credit risks from our agents and the financial institutions with which we do business;
 - bank failures, sustained financial illiquidity, or illiquidity at our clearing, cash management or custodial financial institutions;
 - new technology or competitors that disrupt the current ecosystem by introducing digital platforms;
 - our ability to satisfy our debt obligations and remain in compliance with our credit facility requirements;
 - interest rate risk from elimination of the London Inter-bank Offered Rate (“LIBOR”) as a benchmark interest rate;
 - our success in developing and introducing new products, services and infrastructure;
 - customer confidence in our brand and in consumer money transfers generally;
 - our ability to maintain compliance with regulatory requirements of the jurisdictions in which we operate or plan to operate;
 - international political factors or implementation of tariffs, border taxes or restrictions on remittances or transfers of money out of the United States and Canada;
 - changes in U.S. tax laws;
 - political instability, currency restrictions and volatility in countries in which we operate or plan to operate;
 - consumer fraud and other risks relating to customers’ authentication;
 - weakness in U.S. or international economic conditions;
 - changes in immigration laws and their enforcement;
 - our ability to protect our brand and intellectual property rights;
 - our ability to retain key personnel; and
- other economic, business and/or competitive factors, risks and uncertainties, including those described in the “*Risk Factors*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” sections in our Annual Report on Form 10-K for the year ended December 31, 2020.

All forward-looking statements that are made or attributable to us are expressly qualified in their entirety by this cautionary notice. The forward-looking statements included herein are only made as of the date of this Quarterly Report on Form 10-Q. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

INTERNATIONAL MONEY EXPRESS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – BUSINESS AND ACCOUNTING POLICIES

International Money Express, Inc. (the “Company” or “us” or “we”) operates as a money transmitter between the United States of America (“United States” or “U.S.”) and Canada to Mexico, Guatemala and other countries in Latin America, Africa and Asia through a network of authorized agents located in various unaffiliated retail establishments and 34 Company-operated stores throughout the United States and Canada.

During March 2020, a global pandemic was declared by the World Health Organization related to the rapidly growing outbreak of a novel strain of coronavirus (“COVID-19”). Although the worst effects of the pandemic appear to have subsided in the United States, the pandemic has had and continues to have a significant effect on economic conditions in the United States, and continues to cause significant uncertainties in the U.S. and global economies, particularly as a result of a new Delta variant of COVID-19, which appears to be causing an increase in COVID-19 cases. Public health officials and medical professionals have warned that a resurgence of COVID-19 cases may continue to spike, particularly if vaccination rates do not quickly increase or if additional, potent disease variants emerge. It is unclear how long the resurgence will last, how severe it will be, and what safety measures governments will impose in response to it.

The extent to which the COVID-19 pandemic affects our business, operations and financial results depends, and will continue to depend, on numerous evolving factors that we may not be able to accurately predict. Although the Company’s operations continued effectively despite social distancing and other measures taken in response to the pandemic, the ultimate impact of the COVID-19 pandemic on our financial condition, results of operations and cash flows is dependent on future developments, including the duration or resurgence of the pandemic and the related extent of its severity, as well as its impact on the economic conditions, particularly the level of unemployment of our customers, inflation, interest rate levels and foreign exchange volatility, all of which remain uncertain and cannot be predicted at this time. If governmental decisions to ease pandemic related restrictions are ineffective, premature or counterproductive, or if an escalation in the global response to contain the COVID-19 pandemic is required or is unsuccessful, the Company could experience a material adverse effect on its financial condition, results of operations and cash flows.

The condensed consolidated financial statements of the Company include Intermex Holdings, Inc., its wholly-owned indirect subsidiary, Intermex Wire Transfer, LLC (“LLC”), Intermex Wire Transfers de Guatemala, S.A. (“Intermex Guatemala”) - 100% owned by LLC, Intermex Wire Transfer de Mexico, S.A. and Intermex Transfers de Mexico, S.A. (“Intermex Mexico”) - 98% owned by LLC, Intermex Wire Transfer Corp. - 100% owned by LLC, Intermex Wire Transfer II, LLC - 100% owned by LLC and Canada International Transfers Corp. - 100% owned by LLC.

The condensed consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). All significant inter-company balances and transactions have been eliminated from the condensed consolidated financial statements.

The Company’s interim condensed consolidated financial statements and related notes are unaudited. In the opinion of management, all adjustments (including normal recurring adjustments) and disclosures necessary for a fair presentation of these interim condensed consolidated financial statements have been included. The results reported in these interim condensed consolidated financial statements are not necessarily indicative of the results that may be reported for the entire year. Certain information and footnote disclosures required by GAAP have been condensed or omitted. These interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2020.

Accounting Pronouncements

The Financial Accounting Standards Board (“FASB”) issued amended guidance, *Intangibles – Goodwill and other (Topic 350): Simplifying the Test for Goodwill Impairment*. The amended standard simplifies how an entity tests goodwill by eliminating Step 2 of the goodwill impairment test related to measuring an impairment charge. Instead, impairment will be recorded for the amount that the carrying amount of a reporting unit exceeds its fair value. This guidance was adopted by the Company on January 1, 2021. The adoption of this guidance did not have a material impact on the condensed consolidated financial statements.

The FASB issued amended guidance, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. The amended standard requires implementation costs incurred by customers in cloud computing arrangements to be deferred and recognized over the term of the arrangement if those costs would be capitalized by the customers in a software licensing arrangement. This guidance was adopted by the Company on January 1, 2021. The adoption of this guidance did not have a material impact on the condensed consolidated financial statements.

The FASB issued guidance, *Simplifying the Accounting for Income Taxes (Topic 740)*, which removes certain exceptions to the general principles in Topic 740 and improves consistent application of and simplifies GAAP for other areas of Topic 740 by clarifying and amending existing guidance. This guidance was adopted by the Company on January 1, 2021. The adoption of this guidance did not have a material impact on the condensed consolidated financial statements.

The FASB issued guidance, *Leases (Topic 842)*, to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet for those leases classified as operating leases under previous GAAP. The guidance requires that a lessee recognizes a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term on the balance sheet. This guidance is required to be adopted by the Company on January 1, 2022 using the modified retrospective approach. The Company is currently evaluating the impact this guidance will have on the condensed consolidated financial statements.

The FASB issued guidance, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, regarding the measurement of credit losses for certain financial instruments. The new standard replaces the incurred loss model with a current expected credit loss (“CECL”) model. The CECL model is based on historical experience, adjusted for current conditions and reasonable and supportable forecasts. The Company is required to adopt the new guidance on January 1, 2023. The Company is currently evaluating the impact this guidance will have on the condensed consolidated financial statements.

The FASB issued guidance, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting*, which provides optional expedient and exceptions for applying generally accepted accounting principles to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. In response to the concerns about structural risks of interbank offered rates (“IBORs”) and, particularly, the risk of cessation of the LIBOR, regulators in several jurisdictions around the world have undertaken reference rate reform initiatives to identify alternative reference rates that are more observable or transaction based and less susceptible to manipulation. This accounting standards update provides companies with optional guidance to ease the potential accounting burden associated with transitioning away from reference rates that are expected to be discontinued. This new guidance may be adopted by the Company no later than December 1, 2022, with early adoption permitted. The potential adoption of this guidance is not expected to have a material impact on the condensed consolidated financial statements.

NOTE 2 – REVENUES

The Company recognized revenues from contracts with customers for the three and six months ended June 30, 2021 and 2020, as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Wire transfer and money order fees	\$ 99,671	\$ 72,965	\$ 180,887	\$ 140,281
Discounts and promotions	(365)	(172)	(669)	(393)
Wire transfer and money order fees, net	99,306	72,793	180,218	139,888
Foreign exchange gain, net	16,655	11,660	29,703	21,214
Other income	786	609	1,402	1,211
Total revenues	\$ 116,747	\$ 85,062	\$ 211,323	\$ 162,313

There are no significant initial costs incurred to obtain contracts with customers, although the Company has a loyalty program under which customers earn one point for each wire transfer completed. Points can be redeemed for a discounted wire transaction fee or a foreign exchange rate that is more favorable to the customer. The customer benefits vary by country, and the earned points expire if the customer has not initiated and completed an eligible wire transfer transaction within the immediately preceding 180-day period. In addition, earned points will expire 30 days after the end of the program. Because the loyalty program benefits represent a future performance obligation, a portion of the initial consideration is recorded as deferred revenue loyalty program (see Note 7) and a corresponding loyalty program expense is recorded as contra revenue. Revenue from this performance obligation is recognized upon customers redeeming points or upon expiration of any points outstanding.

Except for the loyalty program discussed above, our revenues include only one performance obligation, which is to collect the customer’s money and make funds available for payment, generally on the same day, to a designated recipient in the currency requested.

The Company also offers several other services, including money orders and check cashing, for which revenue is derived from a fee per transaction. For substantially all of the Company’s revenues, the Company acts as principal in the transactions and reports revenue on a gross basis, because the Company controls the service at all times prior to transfer to the customer, is primarily responsible for fulfilling the customer contracts, has the risk of loss and has the ability to establish transaction prices.

NOTE 3 – ACCOUNTS RECEIVABLE AND NOTES RECEIVABLE, NET OF ALLOWANCE

Accounts Receivable

Accounts receivable represents outstanding balances from sending agents for pending wire transfers or money orders from our customers. The outstanding balance, net of allowance for credit losses, consists of the following (in thousands):

	June 30, 2021	December 31, 2020
Accounts receivable	\$ 72,026	\$ 56,520
Allowance for credit losses	(1,486)	(1,503)
Accounts receivable, net	<u>\$ 70,540</u>	<u>\$ 55,017</u>

Notes Receivable

The Company had notes receivable, net of allowance for credit losses, from sending agents as follows (in thousands):

	June 30, 2021	December 31, 2020
Notes receivable, current	\$ 630	\$ 710
Allowance for credit losses	(215)	(244)
Net current	<u>\$ 415</u>	<u>\$ 466</u>
Notes receivable, long-term	\$ 921	\$ 816
Allowance for credit losses	(327)	(295)
Net long-term	<u>\$ 594</u>	<u>\$ 521</u>

The net current portion of notes receivable is included in prepaid expenses and other current assets (see Note 4), and the net long-term portion is included in other assets in the condensed consolidated balance sheets. The notes have interest rates ranging from 0% to 16% per annum. At June 30, 2021 and December 31, 2020, there were \$1.6 million and \$1.5 million, respectively, of notes collateralized by personal guarantees from the sending agents and assets from their businesses in case of a default by the agent.

The maturities of notes receivable at June 30, 2021 are as follows (in thousands):

	Unpaid Principal Balance
Under 1 year	\$ 630
Between 1 and 2 years	692
Between 2 and 3 years	229
Total	<u>\$ 1,551</u>

Allowance for Credit Losses

The changes in the allowance for credit losses related to accounts receivable and notes receivable are as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Beginning balance	\$ 2,058	\$ 1,477	\$ 2,042	\$ 1,236
Provision	504	364	667	1,101
Charge-offs	(623)	(589)	(888)	(1,186)
Recoveries	89	98	207	199
Ending Balance	<u>\$ 2,028</u>	<u>\$ 1,350</u>	<u>\$ 2,028</u>	<u>\$ 1,350</u>

The allowance for credit losses allocated by financial instrument category is as follows (in thousands):

	June 30, 2021	December 31, 2020
Accounts receivable	\$ 1,486	\$ 1,503
Notes receivable	542	539
Allowance for credit losses	<u>\$ 2,028</u>	<u>\$ 2,042</u>

NOTE 4 – PREPAID EXPENSES AND OTHER CURRENT ASSETS

Prepaid expenses and other current assets consisted of the following (in thousands):

	June 30, 2021	December 31, 2020
Prepaid insurance	\$ 297	\$ 465
Prepaid fees and services	1,230	1,452
Notes receivable, net of allowance	415	466
Assets pending settlement	229	218
Prepaid income taxes	1,861	103
Prepaid expenses and current assets - other	953	817
	<u>\$ 4,985</u>	<u>\$ 3,521</u>

NOTE 5 – GOODWILL AND INTANGIBLE ASSETS

Intangible assets on the condensed consolidated balance sheets of the Company consist of goodwill, agent relationships, trade name, developed technology and other intangible assets. Agent relationships, trade name and developed technology are all amortized over 15 years using an accelerated method that correlates with the projected realization of the benefit. The agent relationships intangible represents the network of independent sending agents; trade name refers to the Intermex name, branded on all agent locations and well recognized in the market; and developed technology includes the state-of-the-art system that the Company has continued to develop and improve over the past 20 years. Other intangible assets primarily relate to the acquisition of Company-operated stores, which are amortized on a straight line basis over 10 years. The determination of our intangible fair values includes several assumptions that are subject to various risks and uncertainties. Management believes it has made reasonable estimates and judgments concerning these risks and uncertainties, and no impairment charges were determined necessary to be recognized during the three and six months ended June 30, 2021.

The following table presents the changes in goodwill and intangible assets (in thousands):

	Goodwill	Intangibles
Balance at December 31, 2020	\$ 36,260	\$ 20,430
Amortization expense	—	(2,580)
Balance at June 30, 2021	<u>\$ 36,260</u>	<u>\$ 17,850</u>

Amortization expense related to intangible assets for the next five years and thereafter is as follows (in thousands):

2021	\$ 2,581
2022	3,997
2023	2,989
2024	2,270
2025	1,717
Thereafter	4,296
	<u>\$ 17,850</u>

NOTE 6 – WIRE TRANSFERS AND MONEY ORDERS PAYABLE, NET

Wire transfers and money orders payable, net consisted of the following (in thousands):

	June 30, 2021	December 31, 2020
Wire transfers payable, net	\$ 22,436	\$ 11,806
Customer voided wires payable	15,180	13,374
Money orders payable	17,366	16,566
	<u>\$ 54,982</u>	<u>\$ 41,746</u>

Customer voided wires payable consist primarily of wire transfers that were not completed because the recipient did not collect the funds within 30 days and the sender has not claimed the funds and, therefore, are considered unclaimed property. Unclaimed property laws of each state in the United States in which we operate, the District of Columbia, and Puerto Rico require us to track certain information for all of our money remittances and payment instruments and, if the funds underlying such remittances and instruments are unclaimed at the end of an applicable statutory abandonment period, require us to remit the proceeds of the unclaimed property to the appropriate jurisdiction. Applicable statutory abandonment periods range from three to seven years.

NOTE 7 – ACCRUED AND OTHER LIABILITIES

Accrued and other liabilities consisted of the following (in thousands):

	June 30, 2021	December 31, 2020
Commissions payable to sending agents	\$ 14,566	\$ 12,500
Accrued salaries and benefits	3,248	2,957
Accrued bank charges	1,602	1,170
Accrued legal fees	60	75
Accrued other professional fees	1,011	826
Accrued taxes	1,486	1,276
Deferred revenue loyalty program	2,944	2,750
Other	905	826
	<u>\$ 25,822</u>	<u>\$ 22,380</u>

The following table shows the changes in the deferred revenue loyalty program liability (in thousands):

Balance, December 31, 2020	\$ 2,750
Revenue deferred during the period	1,036
Revenue recognized during the period	(842)
Balance, June 30, 2021	<u>\$ 2,944</u>

NOTE 8 – DEBT

Debt consisted of the following (in thousands):

	June 30, 2021	December 31, 2020
Term loan facility	\$ 87,500	\$ 89,383
	87,500	89,383
Less: Current portion of long-term debt ⁽¹⁾	(3,882)	(7,044)
Less: Debt origination costs	(2,466)	(1,760)
	<u>\$ 81,152</u>	<u>\$ 80,579</u>

(1) Current portion of long-term debt is net of debt origination costs of approximately \$0.5 million and \$0.6 million at June 30, 2021 and December 31, 2020, respectively.

The Company and certain of its domestic subsidiaries as borrowers and the other guarantors from time to time party thereto (collectively, the “Loan Parties”) entered into a financing agreement with a group of banking institutions, dated November 7, 2018 and further amended on December 7, 2018 (the “Original Credit Agreement”). The Original Credit Agreement provided for a \$35 million revolving credit facility, a \$90 million term loan facility and an up to \$30 million incremental facility of which \$12 million was utilized in 2019 for the term loan facility and \$10 million was utilized in May of 2021 for the revolving credit facility (see below). The Original Credit Agreement also provided for the issuance of letters of credit, which would reduce availability under the revolving credit facility. The maturity date of the Original Credit Agreement was November 7, 2023.

Effective as of May 12, 2021, the Company amended the Original Credit Agreement by entering into Increase Joinder No. 2 (the “Joinder No. 2”) to the Original Credit Agreement, which was accounted for as a debt modification, under which the revolving line of credit commitment under the Original Credit Agreement was increased by \$10 million to an aggregate of \$45 million. The Joinder No. 2 did not have any impact to any of the terms of the term loan facility under the Original Credit Agreement. The Company incurred debt origination costs of \$76.8 thousand which were capitalized and will be amortized over the remaining life of the revolving line of credit facility, as described below, using the straight-line method, as it is not significantly different than the effective interest method.

On June 24, 2021, the Loan Parties entered into an Amended and Restated Credit Agreement (the “A&R Credit Agreement”) with a group of banking institutions. The A&R Credit Agreement amended and restated in its entirety the Original Credit Agreement. The A&R Credit Agreement provides for a \$150 million revolving credit facility, an \$87.5 million term loan facility and an uncommitted incremental facility, which may be utilized for additional revolving or term loans, of up to \$70 million. The A&R Credit Agreement also provides for the issuance of letters of credit, which would reduce availability under the revolving credit facility. The proceeds of the term loan were used to refinance the \$87.5 million principal amount of the existing term loan facility under the Original Credit Agreement, and the revolving credit facility is available for working capital, general corporate purposes and to pay fees and expenses in connection with this transaction. The maturity date of the A&R Credit Agreement is June 24, 2026.

This refinancing was accounted for as a debt modification. The balance of the unamortized debt origination costs of \$1.8 million under the Original Credit Agreement, the origination costs paid to the Loan Parties of \$1.0 million in connection with the term loan facility of the A&R Credit Agreement and debt origination costs paid to the Loan Parties and third-party costs of \$1.8 million incurred in connection with the revolving credit facility of the A&R Credit Agreement will be associated with the new arrangement, and therefore, they will be amortized over the remaining life of the A&R Credit Agreement using the straight-line method, as it is not significantly different than the effective interest method. Debt origination costs paid to third parties related to a portion of the term loan facility in connection with the A&R Credit Agreement were expensed as incurred during the three months ended June 30, 2021.

At the election of the Company, interest on the term loan facility and revolving credit facility under the A&R Credit Agreement is determined by reference to either LIBOR (subject to replacement) or a “base rate”, in each case plus an applicable margin ranging between 2.50% and 3.00% per annum for LIBOR loans and between 1.50% and 2.00% per annum for base rate loans depending on the level of our consolidated leverage ratio, as calculated pursuant to the terms of the A&R Credit Agreement. The Company is also required to pay a fee on the unused portion of the revolving credit facility equal to 0.35% per annum. The effective interest rates for the six months ended June 30, 2021 for the term loan facility and revolving credit facility, which substantially related to the Original Credit Agreement, were 5.19% and 0.98%, respectively.

Interest is payable (x)(i) generally on the last day of each interest period selected for LIBOR loans, but in any event, not less frequently than every three months, and (ii) on the last business day of each quarter for base rate loans and (y) at final maturity. The principal amount of the term loan facility under the A&R Credit Agreement must be repaid in consecutive quarterly installments of 5.0% in years 1 and 2, 7.5% in year 3, and 10.0% in years 4 and 5, in each case on the last day of each quarter, commencing in September 2021 with a final balloon payment at maturity. The term loans under the A&R Credit Agreement may be prepaid at any time without premium or penalty. Revolving loans may be borrowed, repaid and reborrowed from time to time in accordance with the terms and conditions of the A&R Credit Agreement. The Company is also required to repay the loans upon receipt of net proceeds from certain casualty events, upon the disposition of certain property and upon incurrence of indebtedness not permitted by the A&R Credit Agreement. In addition, the Company is required to make mandatory prepayments annually from excess cash flow if the Company’s consolidated leverage ratio (as calculated under the A&R Credit Agreement) is greater than or equal to 3.0, and the remainder of any such excess cash flow is contributed to the available amount which may be used for a variety of purposes, including investments and distributions.

The A&R Credit Agreement contains financial covenants that require the Company to maintain a quarterly minimum fixed charge coverage ratio of 1.25:1.00 and a quarterly maximum consolidated leverage ratio of 3.25:1.00. The A&R Credit Agreement also contains covenants that limit the Company’s and its subsidiaries’ ability to, among other things, grant liens, incur additional indebtedness, make acquisitions or investments, dispose of certain assets, change the nature of their businesses, enter into certain transactions with affiliates or amend the terms of material indebtedness.

In addition, the A&R Credit Agreement generally restricts the payment of dividends or cash distributions by the Company with certain exceptions, including the following: i) to repurchase the Company’s common stock from current or former employees in an aggregate

amount of up to \$10.0 million per calendar year, and ii) other restricted payments in an aggregate amount not to exceed \$40.0 million plus the Available Amount (as defined in the A&R Credit Agreement).

The obligations under the A&R Credit Agreement are guaranteed by the Company and certain domestic subsidiaries of the Company and secured by liens on substantially all of the assets of the Loan Parties, subject to certain exclusions and limitations.

NOTE 9 – FAIR VALUE MEASUREMENTS

The Company determines fair value in accordance with the provisions of FASB guidance, *Fair Value Measurements and Disclosures*, which defines fair value as an exit price, representing the amount that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, a three-level fair value hierarchy that prioritizes the inputs used to measure fair value was established. There are three levels of inputs used to measure fair value and for disclosure purposes. Level 1 relates to quoted market prices for identical assets or liabilities in active markets. Level 2 relates to observable inputs other than quoted prices included in Level 1. Level 3 relates to unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Company's non-financial assets measured at fair value on a nonrecurring basis include goodwill and intangibles assets. The determination of our intangible fair values includes several assumptions and inputs (Level 3) that are subject to various risks and uncertainties. Management believes it has made reasonable estimates and judgments concerning these risks and uncertainties. All other financial assets and liabilities are carried at amortized cost.

The Company's cash balances are representative of their fair values as these balances are comprised of deposits available on demand. The carrying amounts of accounts receivable, prepaid wires, accounts payable and wire transfers and money orders payable are representative of their fair values because of the short turnover of these instruments.

The Company's financial liabilities include its revolving credit facility and term loan facility. The fair value of the term loan facility, which approximates book value, is estimated by discounting the future cash flows using a current market interest rate. The estimated fair value of the revolving credit facility would approximate face value given the payment schedule and interest rate structure, which approximates current market interest rates.

NOTE 10 – SHARE-BASED COMPENSATION

International Money Express, Inc. Omnibus Equity Compensation Plans

On June 26, 2020, at the 2020 Annual Meeting of Stockholders, the Company's stockholders approved the International Money Express, Inc. 2020 Omnibus Equity Compensation Plan (the "2020 Plan"), which provides for the granting of stock-based incentive awards, including stock options, restricted stock units ("RSUs"), restricted stock awards ("RSAs") and performance stock units ("PSUs") to employees and independent directors of the Company. There are 3.4 million shares of the Company's common stock available for issuance under the 2020 Plan, including 0.4 million shares that were available for grant under the International Money Express, Inc. 2018 Omnibus Equity Compensation Plan (the "2018 Plan" and together with the 2020 Plan, the "Plans"). As of June 30, 2021, 2.6 million shares remained available for future awards under the 2020 Plan. The 2018 Plan was terminated effective June 26, 2020.

Stock Options

The value of each option grant is estimated on the grant date using the Black-Scholes option pricing model ("BSM"). The option pricing model requires the input of highly subjective assumptions, including the grant date fair value of our common stock, expected volatility, risk-free interest rates, expected term and expected dividend yield. To determine the grant date fair value of the Company's common stock, we use the closing market price of our common stock at the grant date. We also use an expected volatility based on the historical volatility of the Company's common stock and the "simplified" method for calculating the expected life of our stock options as the options are "plain vanilla" and we do not have any significant historical post-vesting activity. We have elected to account for forfeitures as they occur. The risk-free interest rates are obtained from publicly available U.S. Treasury yield curve rates.

Share-based compensation is recognized as an expense on a straight-line basis over the requisite service period, which is generally the vesting period. The stock options issued under the Plans have 10-year terms and generally vest in four equal annual installments beginning one year after the date of the grant. The Company recognized compensation expense for stock options of approximately \$0.6 million for both the three months ended June 30, 2021 and 2020, and \$1.3 million and \$1.2 million for the six months ended June 30, 2021 and 2020, respectively, which are included in salaries and benefits in the condensed consolidated statements of operations and comprehensive income. As of June 30, 2021, unrecognized compensation expense related to stock options of approximately \$4.5 million is expected to be recognized over a weighted-average period of 1.6 years.

A summary of the stock option activity under the Plans during the six months ended June 30, 2021 is presented below:

	Number of Options	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (Years)	Weighted- Average Grant Date Fair Value
Outstanding at December 31, 2020	2,714,902	\$ 10.97	8.19	\$ 4.03
Granted	—	\$ —		\$ —
Exercised	(244,907)	\$ 9.92		\$ 3.71
Forfeited	(50,750)	\$ 10.34		\$ 4.45
Outstanding at June 30, 2021	<u>2,419,245</u>	\$ 11.09	7.56	\$ 4.11
Exercisable at June 30, 2021	<u>940,294</u>	\$ 10.30	7.24	\$ 3.60

Restricted Stock Units and Share Awards

The RSUs granted under the Plans to the Company's employees generally vest in four equal annual installments beginning one year after the date of the grant, while RSUs issued to the Company's independent directors vest on the one year anniversary from the grant date. The Company recognized compensation expense for RSUs of approximately \$0.3 million and \$0.1 million for the three months ended June 30, 2021 and 2020, respectively, and \$0.5 million and \$0.2 million for the six months ended June 30, 2021 and 2020, respectively, which are included in salaries and benefits in the condensed consolidated statements of operations and comprehensive income. As of June 30, 2021, unrecognized compensation expense related to RSUs of approximately \$3.5 million is expected to be recognized over a weighted-average period of 2.1 years.

A summary of the RSU activity during the six months ended June 30, 2021 is presented below:

	Number of RSUs	Weighted- Average Grant Price
Nonvested at December 31, 2020	40,881	\$ 13.38
Granted	269,631	\$ 14.94
Vested	(33,381)	\$ 13.13
Forfeited	(17,408)	\$ 14.36
Nonvested at June 30, 2021	<u>259,723</u>	\$ 14.97

Under the 2020 Plan, effective October 1, 2020, the Lead Independent Director and Chairs of the Committees of the Board of Directors are granted, in aggregate, \$64.0 thousand in awards of fully vested shares of the Company's common stock, payable on a quarterly basis at the end of each quarter in payment of fees earned in such capacities. During the three and six months ended June 30, 2021, 1,065 and 2,096 fully vested shares were granted to the Lead Independent Director and Chairs of the Committees of the Board of Directors resulting in compensation expense of \$16.0 thousand and \$32.0 thousand, respectively, recorded in the condensed consolidated statements of operations and comprehensive income.

Restricted Stock Awards

The RSAs issued under the Plans to the Company's employees generally vest in four equal annual installments beginning one year after the date of grant. The Company recognized compensation expense for RSAs granted of \$78 thousand and \$101 thousand for the three and six months ended June 30, 2021, respectively, which are included in salaries and benefits in the condensed consolidated statements of operations and comprehensive income. No compensation expense was recognized for the three and six months ended June 30, 2020. As of June 30, 2021, there was \$1.1 million of unrecognized compensation expense related to RSAs, which is expected to be recognized over a weighted-average period of 2.3 years.

A summary of the RSA activity during the six months ended June 30, 2021 is presented below:

	Number of RSAs	Weighted-Average Grant Price
Nonvested at December 31, 2020	—	\$ —
Granted	88,215	\$ 14.17
Vested	—	\$ —
Forfeited	—	\$ —
Nonvested at June 30, 2021	<u>88,215</u>	<u>\$ 14.17</u>

Performance Stock Units

PSUs granted to the Company's employees generally vest subject to attainment of performance criteria during the service period established by the Compensation Committee. Each PSU represents the right to receive one share of common stock, and the actual number of shares issuable upon vesting is determined based upon performance compared to financial performance targets. The PSUs vest based on the achievement of certain revenue parameters for a period of two years combined with a service period of three years. Compensation cost is recognized over the requisite service period when it is probable that the performance condition will be satisfied. The Company recognized compensation expense for PSUs of \$0.2 million and \$0.3 million for the three and six months ended June 30, 2021, which are included in salaries and benefits in the condensed consolidated statements of operations and comprehensive income. There was no compensation expense recognized for the three and six months ended June 30, 2020. As of June 30, 2021, there was \$2.2 million of unrecognized compensation expense related to PSUs, which is expected to be recognized over a weighted-average period of 2.5 years.

A summary of the PSU activity during the six months ended June 30, 2021 is presented below:

	Number of PSUs	Weighted-Average Remaining Contractual Term (Years)	Weighted-Average Grant Price
Nonvested at December 31, 2020	—	—	\$ —
Granted	171,500		\$ 14.17
Vested	—		\$ —
Forfeited	—		\$ —
Nonvested at June 30, 2021	<u>171,500</u>	9.68	<u>\$ 14.17</u>

NOTE 11 – EARNINGS PER SHARE

Basic earnings per share is calculated by dividing net income for the year by the weighted average number of common shares outstanding for the period. In computing dilutive earnings per share, basic earnings per share is adjusted for the assumed issuance of all applicable potentially dilutive share-based awards, including common stock options, RSUs, RSAs and PSUs.

Below are basic and diluted earnings per share for the periods indicated (in thousands, except for share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Net income for basic and diluted earnings per common share	\$ 13,227	\$ 8,978	\$ 22,204	\$ 14,666
Shares:				
Weighted-average common shares outstanding – basic	38,433,748	38,035,279	38,336,977	38,035,146
Effect of dilutive securities:				
RSUs	41,323	12,513	33,783	7,995
Stock options	532,231	—	553,001	92
RSAs	6,234	—	4,404	—
PSUs	13,878	—	9,534	—
Weighted-average common shares outstanding – diluted	39,027,414	38,047,792	38,937,699	38,043,233
Earnings per common share – basic	\$ 0.34	\$ 0.24	\$ 0.58	\$ 0.39
Earnings per common share – diluted	\$ 0.34	\$ 0.24	\$ 0.57	\$ 0.39

As of June 30, 2021, there were 0.6 million options and 53,864 RSUs excluded from the diluted earnings per share calculation because, under the treasury stock method, the inclusion of these would be anti-dilutive.

As of June 30, 2020, there were 3.1 million options and 22,500 RSUs excluded from the diluted earnings per share calculation because, under the treasury stock method, the inclusion of these would be anti-dilutive.

NOTE 12 – INCOME TAXES

A reconciliation between the income tax provision at the U.S. statutory tax rate and the Company's income tax provision on the condensed consolidated statements of operations and comprehensive income is below (in thousands, except for tax rates):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Income before income taxes	\$ 18,030	\$ 12,243	\$ 30,181	\$ 20,011
U.S statutory tax rate	21 %	21 %	21 %	21 %
Income tax expense at statutory rate	3,786	2,571	6,338	4,202
State tax expense, net of federal	995	659	1,673	1,058
Foreign tax rates different from U.S. statutory rate	23	26	40	59
Non-deductible expenses	74	12	137	22
Other	(75)	(3)	(211)	4
Total tax provision	\$ 4,803	\$ 3,265	\$ 7,977	\$ 5,345

Effective income tax rates for interim periods are based upon our current estimated annual rate. The Company's effective income tax rate varies based upon an estimate of taxable earnings as well as on the mix of taxable earnings in the various states and countries in which we operate. Changes in the annual allocation and apportionment of the Company's activity among these jurisdictions results in changes to the effective rate utilized to measure the Company's deferred tax assets and liabilities.

As presented in the income tax reconciliation above, the tax provision recognized on the condensed consolidated statements of operations and comprehensive income was affected by state taxes, non-deductible expenses, share-based compensation expense and foreign tax rates applicable to the Company's foreign subsidiaries that are higher or lower than the U.S. statutory rate.

On March 27, 2020, the United States enacted the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act is an emergency economic stimulus package that includes spending and tax breaks to strengthen the United States economy and fund a

nationwide effort to curtail the effects of COVID-19. The CARES Act provides various tax law changes in response to the COVID-19 pandemic, including increasing the ability to deduct interest expense, providing for deferral on tax deposits, and amending certain provisions of the previously enacted Tax Cuts and Jobs Act. After considering the provisions of the CARES Act, the Company determined that the CARES Act did not have a material effect on its annual effective tax rate and the income tax provision for the three and six months ended on June 30, 2021 or 2020.

NOTE 13 – COMMITMENTS AND CONTINGENCIES

Leases

The Company is a party to leases for office space, warehouses and Company-operated store locations. Rent expense under all operating leases, included in other selling, general and administrative expenses in the condensed consolidated statements of operations and comprehensive income, amounted to approximately \$0.6 million and \$0.5 million for the three months ended June 30, 2021 and 2020, respectively, and \$1.2 million and \$1.0 million for the six months ended June 30, 2021 and 2020, respectively.

At June 30, 2021, future minimum rental payments required under operating leases for the remainder of 2021 and thereafter are as follows (in thousands):

2021	\$	816
2022		1,322
2023		970
2024		815
2025		696
Thereafter		—
	<u>\$</u>	<u>4,619</u>

Contingencies and Legal Proceedings

The Company is subject to legal proceedings and claims that have arisen in the ordinary course of its business and have not been finally adjudicated. Although there can be no assurance as to the ultimate disposition of these matters, it is the opinion of the Company's management, based upon the information available at this time and the stage of the proceedings, that it is not possible to determine the probability of loss or estimate of damages, and therefore, the Company has not established a reserve for any of these proceedings.

The Company operates in all 50 states in the United States, two U.S. territories and three other countries. Money transmitters and their agents are under regulation by state and federal laws. Violations may result in civil or criminal penalties or a prohibition from providing money transfer services in a particular jurisdiction. It is the opinion of the Company's management, based on information available at this time, that the expected outcome of regulatory examinations will not have a material adverse effect on either the results of operations or financial condition of the Company.

Regulatory Requirements

Pursuant to applicable licensing laws, certain domestic subsidiaries of the Company are required to maintain minimum tangible net worth and liquid assets (eligible securities) to cover the amount outstanding of wire transfers and money orders payable. As of June 30, 2021, the Company's subsidiaries were in compliance with these two requirements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") should be read in conjunction with our Unaudited Condensed Consolidated Financial Statements and related Notes included in this Quarterly Report on Form 10-Q, as well as our Audited Consolidated Financial Statements and related Notes and MD&A included in our Annual Report on Form 10-K for the year ended December 31, 2020. This Quarterly Report on Form 10-Q contains forward-looking statements that involve risks and uncertainties. The forward-looking statements are not historical facts, but rather are based on current expectations, estimates, assumptions and projections about our industry, business and future financial results. Our actual results could differ materially from the results contemplated by these forward-looking statements due to a number of factors, including those discussed in other sections of this Quarterly Report on Form 10-Q, including "Risk Factors," which are incorporated in the MD&A by reference. See "Special Note Regarding Forward-Looking Statements" for additional factors relating to such statements, and see "Risk Factors" in the documents that we have filed with or furnished to the SEC for a discussion of certain risk factors applicable to our business, financial condition and results of operations. Past operating results are not necessarily indicative of operating results in any future periods.

COVID-19 Update

During March 2020, a global pandemic was declared by the World Health Organization related to the rapidly growing outbreak of a novel strain of coronavirus ("COVID-19"). The pandemic has had and continues to have a significant effect on economic conditions in the United States of America ("United States" or "U.S."), as the efforts of federal, state, local and foreign governments to react to the public health crisis with mitigation measures have created and continue to cause significant uncertainties in the U.S. and global economy, particularly as a new Delta variant of COVID-19 appears to be causing an increase in COVID-19 cases. The extent to which the COVID-19 pandemic affects our business, operations and financial results depends, and will continue to depend, on numerous evolving factors that we may not be able to accurately predict such as the reduction or reimposition by government and health authorities of restrictions and progress in and effectiveness of vaccination efforts in the United States or in the countries in which we operate and conduct business.

In response to the pandemic, our top priority continues being to take appropriate actions to protect the health and safety of our employees. We have adjusted standard operating procedures within our business operations to ensure continued worker safety, and are continually monitoring evolving health guidelines and responding to changes as appropriate. These procedures include reconfiguring facilities to reduce employee density, expanded and more frequent cleaning within facilities, implementation of appropriate and mandated distancing programs, employee temperature monitoring and requiring use of certain personal protective equipment at our call centers in Mexico and Guatemala. As of June 30, 2021, all of our facilities are open and operating with adjustments to ensure compliance with social distancing and facial covering recommendations and requirements established by state and local regulations.

Notwithstanding the operational challenges created by the pandemic, our business continues to function and, to date, our customer service has not been adversely affected in any material respect. Nevertheless, the COVID-19 pandemic continues to pose the risk that we or our employees, sending and paying agents, as well as consumers and their beneficiaries, are or may become further restricted from conducting business activities, partially or completely, for an indefinite period of time, including due to shutdowns requested or mandated by governmental authorities or imposed by our management, or that the pandemic may otherwise interrupt or impair business activities.

Although certain measures that restrict the normal course of operations of businesses and consumers were still in place for the three and six months ended June 30, 2021, such measures did not have a material adverse effect on the Company's financial condition, results of operations and cash flows for the three and six months ended June 30, 2021. Notwithstanding the foregoing, the Company's business is dependent upon the willingness and ability of its employees, network of agents and consumers to conduct money transfer services and the ultimate effects of the economic disruption caused by the pandemic and responses thereto. Although the Company's operations continued effectively despite social distancing and other measures taken in response to the pandemic, the ultimate impact of the COVID-19 pandemic on our financial condition, results of operations and cash flows is subject to future developments, including the duration of the pandemic and the related extent of its severity, as well as its impact on the economic conditions, particularly the level of unemployment of our customers, which remain uncertain and cannot be predicted at this time. If the global response to contain and remedy the COVID-19 pandemic escalates further or is unsuccessful, or if governmental decisions to ease pandemic related restrictions are ineffective, premature or counterproductive, the Company could experience a material adverse effect on its financial condition, results of operations and cash flows.

Further quantification and discussion of these pandemic related effects, to the extent relevant and material, are included in the discussion of results of operations below.

Overview

We are a rapidly growing and leading money remittance services company focused primarily on the United States to Latin America and the Caribbean (“LAC”) corridor, which includes Mexico, Central and South America and the Caribbean. In recent years, we expanded our services to allow remittances to Africa from the United States and also began offering sending services from Canada to Latin America and Africa. We utilize our proprietary technology to deliver convenient, reliable and value-added services to our customers through a broad network of sending and paying agents. Our remittance services, which include a comprehensive suite of ancillary financial processing solutions and payment services, are available in all 50 states in the U.S., Washington D.C., Puerto Rico and 13 provinces in Canada, where customers can send money to beneficiaries in 17 LAC countries, seven countries in Africa and two countries in Asia. Our services are accessible in person through over 100,000 independent sending and paying agents and 34 Company-operated stores, as well as online and via Internet-enabled mobile devices. Additionally, we have expanded our product and service portfolio to include online payment options, pre-paid debit cards and direct deposit payroll cards, which may present different cost, demand, regulatory and risk profiles relative to our core remittance business.

Money remittance services to LAC countries, primarily Mexico and Guatemala, are the primary source of our revenue. These services involve the movement of funds on behalf of an originating customer for receipt by a designated beneficiary at a designated receiving location. Our remittances to LAC countries are primarily generated in the United States by customers with roots in Latin American and Caribbean countries, many of whom do not have an existing relationship with a traditional full-service financial institution capable of providing the services we offer. We provide these customers with flexibility and convenience to help them meet their financial needs. We believe many of our customers who use our services may have access to traditional banking services, but prefer to use our services based on reliability, convenience and value. We generate money remittance revenue from fees paid by our customers (i.e., the senders of funds), which we share with our sending agents in the originating country and our paying agents in the destination country. Remittances paid in local currencies that are not pegged to the U.S. dollar can also generate revenue if we are successful in our daily management of currency exchange spreads.

Our money remittance services enable our customers to send funds through our broad network of locations in the United States and Canada that are primarily operated by third-party businesses, as well as through our Company-operated stores. Transactions are processed and payment is collected by our agent (“sending agent(s)”) and those funds become available for pickup by the beneficiary at the designated destination, usually within minutes, at any Intermex payer location (“paying agent(s)”). We refer to our sending agents and our paying agents collectively as agents. In addition, our services are offered digitally through Intermexonline.com and via Internet-enabled mobile devices. Since January 2020 through June 30, 2021, we have grown our agent network by approximately 18.0%. For the three and six months ended June 30, 2021, principal amount sent increased by approximately 53.2% and 42.2%, respectively, as compared to the same periods in 2020 and total remittances processed were approximately 10.1 million and 18.4 million, representing approximately a 33.4% and 26.6% increase, respectively, as compared to the same periods in 2020.

As a non-bank financial institution in the United States, we are regulated by the Department of Treasury, the Internal Revenue Service, FinCEN, the Consumer Financial Protection Bureau, the Department of Banking and Finance of the State of Florida and additionally by the various regulatory institutions of those states in which we hold an operating license. We are duly registered as a Money Service Business (“MSB”) with FinCEN, the financial intelligence unit of the U.S. Department of the Treasury. We are also subject to a wide range of regulations in the United States and other countries, including anti-money laundering laws and regulations; financial services regulations; currency control regulations; anti-bribery laws; money transfer and payment instrument licensing laws; escheatment laws; privacy, data protection and information security laws, such as the Graham-Leach-Bliley Act; and consumer disclosure and consumer protection laws, such as the California Consumer Privacy Act.

Key Factors and Trends Affecting our Business

Various trends and other factors have affected and may continue to affect our business, financial condition and operating results, including, but not limited to:

- the COVID-19 pandemic, responses thereto and the economic and market effects thereof, including unemployment levels, inflation and increased capital market volatility;
- competition in the markets in which we operate;
- volatility in foreign exchange rates that could affect the volume of consumer remittance activity and/or affect our foreign exchange related gains and losses;
- cyber-attacks or disruptions to our information technology environment, computer network systems and data centers;
- our ability to maintain banking relationships necessary for us to conduct our business;

- credit risks from our agents and the financial institutions with which we do business;
- bank failures, sustained financial illiquidity, or illiquidity at our clearing, cash management or custodial financial institutions;
- new technology or competitors that disrupt the current ecosystem by introducing digital platforms;
- our ability to satisfy our debt obligations and remain in compliance with our credit facility requirements;
- interest rate risk from elimination of LIBOR as a benchmark interest rate;
- our success in developing and introducing new products, services and infrastructure;
- customer confidence in our brand and in consumer money transfers generally;
- our ability to maintain compliance with regulatory requirements of the jurisdictions in which we operate or plan to operate;
- international political factors or implementation of tariffs, border taxes or restrictions on remittances or transfers of money out of the United States and Canada;
- changes in U.S. tax laws;
- political instability, currency restrictions and volatility in countries in which we operate or plan to operate;
- consumer fraud and other risks relating to customer authentication;
- weakness in U.S. or international economic conditions;
- changes in immigration laws and their enforcement;
- our ability to protect our brand and intellectual property rights; and
- our ability to retain key personnel.

Throughout 2020 and the first half of 2021, Latin American political and economic conditions have remained unstable, as evidenced by high unemployment rates in key markets, currency reserves, currency controls, restricted lending activity, weak currencies and low consumer confidence, some of which reflects the impact of the COVID-19 pandemic, among other factors. Specifically, continued political and economic unrest in parts of Mexico and some countries in South America contributed to volatility. Our business has generally been resilient during times of economic instability as money remittances are essential to many recipients, with the funds used by the receiving parties for their daily needs; however, long-term sustained appreciation of the Mexican peso or Guatemalan quetzal as compared to the U.S. dollar could negatively affect our revenues and profitability.

Money remittance businesses have continued to be subject to strict legal and regulatory requirements, and we continue to focus on and regularly review our compliance programs. In connection with these reviews, and in light of regulatory complexity and heightened attention of governmental and regulatory authorities related to cybersecurity and compliance activities, we have made, and continue to make, enhancements to our processes and systems designed to detect and prevent cyber-attacks, consumer fraud, money laundering, terrorist financing and other illicit activities, along with enhancements to improve consumer protection, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and similar regulations outside the United States. In coming periods, we expect these and future enhancements will continue to result in changes to certain of our business practices and may result in increased costs.

We maintain a compliance department, the responsibility of which is to monitor transactions, detect and report suspicious activity, maintain appropriate records and train our employees and agents. An independent third-party periodically reviews our policies and procedures and performs independent testing to assess the effectiveness of our anti-money laundering and Bank Secrecy Act compliance program. We also maintain a regulatory affairs and licensing department, under the direction of our Chief Regulatory Affairs Officer, whose responsibility is to manage regulatory affairs and licensing.

The market for money remittance services is very competitive. Our competitors include a small number of large money remittance providers, financial institutions, banks and a large number of small niche money remittance service providers that serve select regions. We compete with larger companies, such as Western Union, MoneyGram and Euronet, and a number of other smaller MSB entities. We generally compete for money remittance agents on the basis of value, service, quality, technical and operational differences, commission structure and marketing efforts. As a philosophy, we sell credible solutions to our sending agents, not discounts or higher commissions, as

is typical for the industry. We compete for money remittance customers on the basis of trust, convenience, service, efficiency of outlets, value, technology and brand recognition.

We have encountered and continue to expect to encounter increasing competition as new electronic platforms emerge that enable customers to send and receive money through a variety of channels, but we do not expect adoption rates to be as significant in the near term for the customer segment we serve. Regardless, we continue to innovate in the industry by differentiating our money remittance business through programs to foster loyalty among agents as well as customers and have expanded our channels through which our services are accessed to include online and mobile offerings which are experiencing customer adoption.

We qualify as an “emerging growth company” pursuant to the provisions of the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), enacted on April 5, 2012. An “emerging growth company” can take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies.” These provisions include:

- an exemption from the auditor attestation requirement of Section 404 of the Sarbanes-Oxley Act in the assessment of the emerging growth company’s internal control over financial reporting;
- an exemption from the adoption of new or revised financial accounting standards until they would apply to private companies; and
- an exemption from compliance with any new requirements adopted by the Public Company Accounting Oversight Board requiring mandatory audit firm rotation or communication of Critical Audit Matters (“CAMs”) in the auditor’s report. A CAM is defined as any matter arising from the audit of the financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the financial statements; and (2) involves especially challenging, subjective, or complex auditor judgment.

We will remain an “emerging growth company” until the earlier of (1) the earliest of the last day of the fiscal year (a) following January 19, 2022, the fifth anniversary of us becoming a publicly-traded company, (b) in which we have total annual gross revenue of at least \$1.07 billion or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the last business day of our prior second fiscal quarter, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. As of June 30, 2021, the market value of our common stock that is held by non-affiliates approximated \$488.5 million.

How We Assess the Performance of Our Business

In assessing the performance of our business, we consider a variety of performance and financial measures. The key indicators of the financial condition and operating performance of our business are revenues, service charges from agents and banks, salaries and benefits, other selling, general and administrative expenses and net income. To help us assess our performance with these key indicators, we use Adjusted net income, Adjusted earnings per share and Adjusted EBITDA as non-GAAP financial measures. We believe these non-GAAP measures provide useful information to investors and expanded insight to measure our revenue and cost performance as a supplement to our U.S. GAAP consolidated financial statements. See the “Adjusted Net Income and Adjusted Earnings per Share” and “Adjusted EBITDA” sections below for reconciliations of these non-GAAP financial measures to net income and earnings per share, our closest GAAP measures.

Revenues

Transaction volume is the primary generator of revenue in our business. Revenue on transactions is derived primarily from transaction fees paid by customers to transfer money. Revenues per transaction vary based upon send and receive locations and the amount sent. In certain transactions involving different send and receive currencies, we generate foreign exchange gains based on the difference between the set exchange rate charged by us to the sender and the rate available to us in the wholesale foreign exchange market.

Operating Expenses

Service Charges from Agents and Banks

Service charges primarily consist of agent commissions and bank fees. Service charges vary based on agent commission percentages and the amount of fees charged by the banks. Sending agents earn a commission on each transaction they process of approximately 50% of the transaction fee. Service charges may increase if banks or payer organizations increase their fee structure or sending agents use higher fee methods to remit funds to us. Service charges also vary based on the method the customer selects to send the transfer and the payer organization that facilitates the transaction.

Salaries and Benefits

Salaries and benefits include cash and share-based compensation associated with our corporate employees and sales team as well as employees at our Company-operated stores. Corporate employees include management, customer service, compliance, information technology, operations, finance and human resources. Our sales team, located throughout the United States and Canada, is focused on supporting and growing our sending agent network. Share-based compensation is recognized as an expense on a straight-line basis over the requisite service period; unrecognized compensation expense related to options, restricted stock units (“RSUs”), restricted stock awards (“RSAs”) and performance stock units (“PSUs”) of approximately \$11.4 million is expected to be recognized over a weighted-average period of 2.0 years.

Other Selling, General and Administrative

General and administrative expenses primarily consist of fixed overhead expenses associated with our operations, such as information technology, telecommunications, rent, insurance, professional services, non-income taxes, facilities maintenance and other similar types of operating expenses. A portion of these expenses relate to our Company-operated stores; however, the majority relate to the overall business and compliance requirements of a regulated publicly traded financial services company. Selling expenses include expenses such as advertising and promotion, provision for credit losses and expenses associated with increasing our network of agents. These expenses are expected to continue to increase at a slower pace than the increase in our revenues.

Depreciation and Amortization

Depreciation largely consists of depreciation of computer equipment and software that supports our technology platform. Amortization of intangible assets is primarily related to our agent relationships, trade name and developed technology.

Non-Operating Expenses

Interest Expense

Interest expense consists primarily of interest associated with our debt, which consists of a term loan facility and a revolving credit facility. The effective interest rates for the six months ended June 30, 2021 for the term loan facility and revolving credit facility, which substantially related to the Original Credit Agreement, were 5.19% and 0.98%, respectively. Interest on the term loan and revolving credit facilities is determined by reference to either LIBOR (subject to replacement) or a “base rate”, in each case plus an applicable margin, under the amended and restated credit agreement, of between 2.50% and 3.00% per annum for LIBOR loans and between 1.50% and 2.00% per annum for base rate loans depending on the level of our consolidated leverage ratio. The Company is also required to pay a fee on the unused portion of the revolving credit facility equal to 0.35% per annum.

Income tax provision

Our income tax provision includes the expected benefit of all deferred tax assets, including our net operating loss carryforwards. With few exceptions, our net operating loss carryforwards will expire from 2029 through 2037. After consideration of all evidence, both positive and negative, management has determined that no valuation allowance is required at June 30, 2021 on the Company’s U.S. federal or state deferred tax assets; however, a valuation allowance has been recorded as of June 30, 2021 on deferred tax assets associated with Canadian net operating loss carryforwards. Our income tax provision reflects the effects of state taxes, non-deductible expenses, share-based compensation expense, and foreign tax rates applicable to the Company’s foreign subsidiaries that are higher or lower than the U.S. statutory rate.

Net Income

Net income is determined by subtracting operating and non-operating expenses from revenues.

Earnings per Share

Basic earnings per share is calculated by dividing net income by the weighted-average number of common shares outstanding for each period. Diluted earnings per share is calculated by dividing net income by the weighted-average number of common shares and common share equivalents outstanding for each period. Diluted earnings per share reflects the potential dilution that could occur if outstanding stock options at the presented dates are exercised and shares of restricted stock units, restricted stock awards and performance stock units have vested, using the treasury stock method.

Segments

Our business is organized around one reportable segment that provides money transmittal services between the United States and Canada to Mexico, Guatemala and other countries in Latin America, Africa and Asia through a network of authorized agents located in various unaffiliated retail establishments and 34 Company-operated stores throughout the United States and Canada. This is based on the

objectives of the business and how our chief operating decision maker, the CEO and President, monitors operating performance and allocates resources.

Results of Operations

The following table summarizes key components of our results of operations for the periods indicated:

<i>(in thousands, except for share data)</i>	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Revenues:				
Wire transfer and money order fees, net	\$ 99,306	\$ 72,793	\$ 180,218	\$ 139,888
Foreign exchange gain, net	16,655	11,660	29,703	21,214
Other income	786	609	1,402	1,211
Total revenues	116,747	85,062	211,323	162,313
Operating expenses:				
Service charges from agents and banks	77,864	56,271	141,237	108,498
Salaries and benefits	10,175	7,069	20,050	14,428
Other selling, general and administrative expenses	7,079	5,155	12,582	10,492
Depreciation and amortization	2,345	2,691	4,679	5,381
Total operating expenses	97,463	71,186	178,548	138,799
Operating income	19,284	13,876	32,775	23,514
Interest expense	1,254	1,633	2,594	3,503
Income before income taxes	18,030	12,243	30,181	20,011
Income tax provision	4,803	3,265	7,977	5,345

Diluted	\$ 0.34	\$ 0.24	\$ 0.57	\$ 0.39

Three Months Ended June 30, 2021 Compared to Three Months Ended June 30, 2020

Revenues

Revenues for the above periods are presented below:

<i>(\$ in thousands)</i>	Three Months Ended June 30, 2021	% of Revenues	Three Months Ended June 30, 2020	% of Revenues
Revenues:				
Wire transfer and money order fees, net	\$ 99,306	85 %	\$ 72,793	85 %
Foreign exchange gain, net	16,655	14 %	11,660	14 %
Other income	786	1 %	609	1 %
Total revenues	\$ 116,747	100 %	\$ 85,062	100 %

Wire transfer and money order fees, net of \$99.3 million for the three months ended June 30, 2021 increased by \$26.5 million from \$72.8 million for the three months ended June 30, 2020. This increase of \$26.5 million was primarily due to a 33.4% increase in

transaction volume compared to the second quarter of 2020, largely due to the continued growth in our agent network, which increased by 17.9% from June 2020 to June 2021.

Revenues from foreign exchange gain, net of \$16.7 million for the three months ended June 30, 2021 increased by \$5.0 million from \$11.7 million for the three months ended June 30, 2020. This increase was primarily due to higher transaction volume achieved by growth in our agent network and a higher average amount sent by our customers, primarily as a result of increased foreign exchange volatility in the Mexican peso during the second quarter of 2021.

Operating Expenses

Operating expenses for the above periods are presented below:

(\$ in thousands)	Three Months Ended June 30, 2021	% of Revenues	Three Months Ended June 30, 2020	% of Revenues
Operating expenses:				
Service charges from agents and banks	\$ 77,864	67 %	\$ 56,271	66 %
Salaries and benefits	10,175	9 %	7,069	8 %
Other selling, general and administrative expenses	7,079	6 %	5,155	6 %
Depreciation and amortization	2,345	2 %	2,691	3 %
Total operating expenses	\$ 97,463	84 %	\$ 71,186	83 %

Service charges from agents and banks — Service charges from agents and banks were \$77.9 million for the three months ended June 30, 2021 compared to \$56.3 million for the three months ended June 30, 2020. The increase of \$21.6 million was primarily due to the increase in transaction volume described above.

Salaries and benefits — Salaries and benefits of \$10.2 million for the three months ended June 30, 2021 increased by \$3.1 million from \$7.1 million for the three months ended June 30, 2020. The increase of \$3.1 million is primarily due to \$2.3 million spent in talent acquisition and retention and increased wages to recognize performance, and to support the continued growth of our business, \$0.1 million increase in commission expense for our sales representatives and \$0.7 million increase in share-based compensation as a result of new awards granted in the three months ended June 30, 2021 and at the end of the first quarter of 2021.

Other selling, general and administrative expenses — Other selling, general and administrative expenses of \$7.1 million for the three months ended June 30, 2021 increased by \$1.9 million from \$5.2 million for the three months ended June 30, 2020.

The increase was the result of:

- \$0.8 million - increase in advertising and promotion expenses as last year we curtailed these activities because of the COVID-19 pandemic;
- \$0.6 million - higher professional fees, travel and other operating expenses to support our business growth, some of which expenses were reduced last year by the COVID-19 pandemic;
- \$0.4 million - higher IT related expenses incurred to sustain our business expansion and improve our technology environment; and
- \$0.1 million - increase in provision for credit losses, as write-offs were higher in the three months ended June 30, 2021.

Depreciation and amortization — Depreciation and amortization of \$2.3 million for the three months ended June 30, 2021 decreased by \$0.4 million from \$2.7 million for the three months ended June 30, 2020. This decrease is mainly due to approximately \$0.5 million less amortization related to our trade name, developed technology and agent relationships during the second quarter of 2021, as these intangibles are being amortized on an accelerated basis, which declines over time. This decrease was partially offset by an increase in depreciation of \$0.1 million associated primarily with additional computer equipment acquired to support our growing business and sending agent network.

Non-Operating Expenses

Interest expense — Interest expense of \$1.3 million for the three months ended June 30, 2021 decreased by \$0.3 million from \$1.6 million for the three months ended June 30, 2020. The decrease was primarily due to lower market interest rates paid under the credit agreements (as described below) and lower drawings under our revolving credit facility.

Income tax provision — Income tax provision was \$4.8 million for the three months ended June 30, 2021, which represents an increase of \$1.5 million from an income tax provision of \$3.3 million for the three months ended June 30, 2020. The increase in the income tax provision was mainly attributable to higher taxable income resulting from higher revenues from our growth.

Net Income

We reported net income of \$13.2 million for the three months ended June 30, 2021 compared to net income of \$9.0 million for the three months ended June 30, 2020, which resulted in an increase of \$4.2 million due to the same factors discussed above.

Non-GAAP Financial Measures

We use Adjusted Net Income, Adjusted Earnings per Share and Adjusted EBITDA to evaluate our performance, both internally and as compared with our peers, because these measures exclude certain items that may not be indicative of our core operating results, as well as items that can vary widely among companies within our industry. For example, non-cash compensation costs can be subject to volatility from changes in the market price per share of our common stock or variations in the value and number of shares granted, and amortization of intangible assets is subject to acquisition activity, which varies from period to period and amortization of intangibles expense is primarily related to the effects of push down accounting resulting from acquisitions.

We present these non-GAAP financial measures because we believe they are frequently used by analysts, investors and other interested parties to evaluate companies in our industry. Furthermore, we believe they are helpful in highlighting trends in our operating results by focusing on our core operating results and are useful to evaluate our performance in conjunction with our GAAP financial measures. Adjusted Net Income, Adjusted Earnings per Share and Adjusted EBITDA are non-GAAP financial measures and should not be considered as an alternative to operating income, net income or earnings per share as a measure of operating performance or cash flows or as a measure of liquidity. Non-GAAP financial measures are not necessarily calculated the same way by different companies and should not be considered a substitute for or superior to GAAP measures.

Adjusted EBITDA is one of the primary metrics used by management to evaluate the financial performance of our business because it excludes, among other things, the effects of certain transactions that are outside the control of management, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the jurisdictions in which we operate and capital investments.

In particular, Adjusted EBITDA is subject to certain limitations, including the following:

- Adjusted EBITDA does not reflect interest expense, or the amounts necessary to service interest or principal payments on our Credit Agreement;
- Adjusted EBITDA does not reflect income tax provision (benefit), and because the payment of taxes is part of our operations, tax provision is a necessary element of our costs and ability to operate;
- Although depreciation and amortization are eliminated in the calculation of Adjusted EBITDA, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any costs of such replacements;
- Adjusted EBITDA does not reflect the noncash component of share-based compensation;
- Adjusted EBITDA does not reflect the impact of earnings or charges resulting from matters we consider not to be reflective, on a recurring basis, of our ongoing operations; and
- other companies in our industry may calculate Adjusted EBITDA or similarly titled measures differently than we do, limiting its usefulness as a comparative measure.

We adjust for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA, as well as our other non-GAAP financial measures, only as supplemental information.

Adjusted Net Income and Adjusted Earnings per Share

Adjusted Net Income is defined as net income adjusted to add back certain charges and expenses, such as non-cash amortization of intangible assets resulting from push-down accounting, which will recur in future periods until these assets have been fully amortized, non-cash compensation costs, litigation settlements and other items set forth in the table below, as these charges and expenses are not considered a part of our core business operations and are not an indicator of ongoing, future company performance.

Adjusted Earnings per Share - Basic and Diluted is calculated by dividing Adjusted Net Income by GAAP weighted-average common shares outstanding (basic and diluted).

Adjusted Net Income for the three months ended June 30, 2021 was \$15.3 million, representing an increase of \$4.5 million, or 41.2%, from Adjusted Net Income of \$10.8 million for the three months ended June 30, 2020. The increase in Adjusted Net Income was primarily due to the increase in revenues of \$31.7 million, offset primarily by an increase in service charges from agents and banks of \$21.6 million due to higher transaction volume.

The following table presents the reconciliation of Net Income, our closest GAAP measure, to Adjusted Net Income:

<i>(in thousands, except for per share data)</i>	Three Months Ended June 30,	
	2021	2020
Net Income	\$ 13,227	\$ 8,978
Adjusted for:		
Share-based compensation (a)	1,374	686
TCPA settlement (b)	—	23
Other charges and expenses (c)	176	97
Amortization of intangibles (d)	1,263	1,710
Income tax benefit related to adjustments (e)	(763)	(671)
Adjusted Net Income	\$ 15,277	\$ 10,823
Adjusted Earnings per Share		
Basic	\$ 0.40	\$ 0.28
Diluted	\$ 0.39	\$ 0.28
Weighted-average common shares outstanding		
Basic	38,433,748	38,035,279
Diluted	39,027,414	38,047,792

(a) Equity awards were granted to employees and independent directors of the Company.

(b) Represents legal fees for the settlement of a class action lawsuit related to the TCPA.

(c) Includes loss on disposal of fixed assets and foreign currency (gains) losses.

(d) Represents the amortization of certain intangible assets that resulted from the application of push-down accounting.

(e) Represents the current and deferred tax impact of the taxable adjustments to net income using the Company's blended federal and state tax rate for each period. Relevant tax-deductible adjustments include all adjustments to net income.

Adjusted Earnings per Share - Basic for the three months ended June 30, 2021 was \$0.40, representing an increase of \$0.12, or 42.9%, compared to \$0.28 for the three months ended June 30, 2020.

Adjusted Earnings per Share - Diluted for the three months ended June 30, 2021 was \$0.39, representing an increase of \$0.11, or 39.3%, compared to \$0.28 for the three months ended June 30, 2020.

The following table presents the reconciliation of GAAP Earnings per Share, our closest GAAP measure, to Adjusted Earnings per Share:

	Three Months Ended June 30,		
	2021		2020
	Basic	Diluted	Basic and Diluted
GAAP Earnings per Share	\$ 0.34	\$ 0.34	\$ 0.24
Adjusted for:			
Share-based compensation	0.04	0.04	0.02
TCPA settlement	—	—	NM
Other charges and expenses	NM	NM	NM
Amortization of intangibles	0.03	0.03	0.04
Income tax benefit related to adjustments	(0.01)	(0.02)	(0.02)
Adjusted Earnings per Share	\$ 0.40	\$ 0.39	\$ 0.28

NM - Per share amounts are not meaningful.

The table above may contain slight summation differences due to rounding.

Adjusted EBITDA

Adjusted EBITDA is defined as net income before depreciation and amortization, interest expense, income taxes, and also adjusted to add back certain charges and expenses, such as non-cash compensation costs and other items set forth in the table below, as these charges and expenses are not considered a part of our core business operations and are not an indicator of ongoing, future company performance.

Adjusted EBITDA for the three months ended June 30, 2021 was \$23.2 million, representing an increase of \$5.8 million, or 33.4%, from \$17.4 million for the three months ended June 30, 2020. The increase in Adjusted EBITDA was primarily due to the increase in revenues of \$31.7 million, offset primarily by an increase in service charges from agents and banks of \$21.6 million due to an increase in transaction volume.

The following table presents the reconciliation of Net Income, our closest GAAP measure, to Adjusted EBITDA:

(in thousands)	Three Months Ended June 30,	
	2021	2020
Net Income	\$ 13,227	\$ 8,978
Adjusted for:		
Interest expense	1,254	1,633
Income tax provision	4,803	3,265
Depreciation and amortization	2,345	2,691
EBITDA	21,629	16,567
Share-based compensation (a)	1,374	686
TCPA settlement (b)	—	23
Other charges and expenses (c)	176	97
Adjusted EBITDA	\$ 23,179	\$ 17,373

(a) Equity awards were granted to employees and independent directors of the Company.

(b) Represents legal fees for the settlement of a class action lawsuit related to the TCPA.

(c) Includes loss on disposal of fixed assets and foreign currency (gains) losses.

Six Months Ended June 30, 2021 Compared to Six Months Ended June 30, 2020**Revenues**

Revenues for the above periods are presented below:

(\$ in thousands)	Six Months Ended June 30, 2021	% of Revenues	Six Months Ended June 30, 2020	% of Revenues
Revenues:				
Wire transfer and money order fees, net	\$ 180,218	85 %	\$ 139,888	86 %
Foreign exchange gain, net	29,703	14 %	21,214	13 %
Other income	1,402	1 %	1,211	1 %
Total revenues	\$ 211,323	100 %	\$ 162,313	100 %

Wire transfer and money order fees, net of \$180.2 million for the six months ended June 30, 2021 increased by \$40.3 million from \$139.9 million for the six months ended June 30, 2020. This increase of \$40.3 million was primarily due to a 26.6% increase in transaction volume compared to the six months ended June 30, 2020, largely due to the continued growth in our agent network, which increased by 17.9% from June 2020 to June 2021.

Revenues from foreign exchange gain, net of \$29.7 million for the six months ended June 30, 2021 increased by \$8.5 million from \$21.2 million for the six months ended June 30, 2020. This increase was primarily due to higher transaction volume achieved by growth in our agent network and a higher average amount sent by our customers primarily as a result of increased foreign exchange volatility in the Mexican peso during the first six months of 2021.

Operating Expenses

Operating expenses for the above periods are presented below:

(\$ in thousands)	Six Months Ended June 30, 2021	% of Revenues	Six Months Ended June 30, 2020	% of Revenues
Operating expenses:				
Service charges from agents and banks	\$ 141,237	67 %	\$ 108,498	67 %
Salaries and benefits	20,050	9 %	14,428	9 %
Other selling, general and administrative expenses	12,582	6 %	10,492	7 %
Depreciation and amortization	4,679	2 %	5,381	3 %
Total operating expenses	\$ 178,548	84 %	\$ 138,799	86 %

Service charges from agents and banks — Service charges from agents and banks were \$141.2 million for the six months ended June 30, 2021 compared to \$108.5 million for the six months ended June 30, 2020. The increase of \$32.7 million was primarily due to the increase in transaction volume described above.

Salaries and benefits — Salaries and benefits of \$20.1 million for the six months ended June 30, 2021 increased by \$5.7 million from \$14.4 million for the six months ended June 30, 2020. The increase of \$5.7 million is primarily due to \$4.0 million spent in talent acquisition and retention and increased wages to recognize performance, and to support the continued growth of our business, a \$0.8 million increase in commission expense for our sales representatives and \$0.9 million increase in share-based compensation as a result of new awards granted in the first six months of 2021.

Other selling, general and administrative expenses — Other selling, general and administrative expenses of \$12.6 million for the six months ended June 30, 2021 increased by \$2.1 million from \$10.5 million for the six months ended June 30, 2020.

The increase was the result of:

- \$1.1 million - increase in advertising and promotion expenses as last year we curtailed these activities because of the COVID-19 pandemic;
- \$0.7 million - higher professional fees and other operating expenses to support our business growth, some of which expenses were reduced last year by the COVID-19 pandemic; and
- \$0.7 million - higher IT related expenses incurred to sustain our business expansion and improve our technology environment.

These increases were partially offset by:

- \$0.4 million - reduction in provision for credit losses, as the six months ended June 30, 2020 include certain losses resulting from the deterioration of the creditworthiness of a small number of sending agents rather than the result of sending agents that were adversely affected by the COVID-19 pandemic.

Depreciation and amortization — Depreciation and amortization of \$4.7 million for the six months ended June 30, 2021 decreased by \$0.7 million from \$5.4 million for the six months ended June 30, 2020. This decrease is mainly due to \$0.9 million less amortization related to our trade name, developed technology and agent relationships during the first half of 2021, as these intangibles are being amortized on an accelerated basis, which declines over time. This decrease was partially offset by an increase in depreciation of \$0.2 million associated primarily with additional computer equipment acquired to support our growing business and sending agent network.

Non-Operating Expenses

Interest expense — Interest expense of \$2.6 million for the six months ended June 30, 2021 decreased by \$0.9 million from \$3.5 million for the six months ended June 30, 2020. The decrease was primarily due to lower market interest rates paid under the credit agreements (as described below) and lower drawings under our revolving credit facility.

Income tax provision — Income tax provision was \$8.0 million for the six months ended June 30, 2021, which represents an increase of \$2.7 million from an income tax provision of \$5.3 million for the six months ended June 30, 2020. The increase in the income tax provision was mainly attributable to higher taxable income resulting from higher revenues from our growth.

Net Income

We reported net income of \$22.2 million for the six months ended June 30, 2021 compared to net income of \$14.7 million for the six months ended June 30, 2020, which resulted in an increase of \$7.5 million due to the same factors discussed above.

Non-GAAP Financial Measures

Adjusted Net Income and Adjusted Earnings per Share

Adjusted Net Income (previously defined and used as described above) for the six months ended June 30, 2021 was \$25.9 million, representing an increase of \$7.5 million, or 40.7%, from Adjusted Net Income of \$18.4 million for the six months ended June 30, 2020. The increase in Adjusted Net Income was primarily due to the increase in revenues of \$49.0 million, offset primarily by an increase in service charges from agents and banks of \$32.7 million due to higher transaction volume.

The following table presents the reconciliation of Net Income, our closest GAAP measure, to Adjusted Net Income:

(in thousands, except for per share data)	Six Months Ended June 30,	
	2021	2020
Net Income	\$ 22,204	\$ 14,666
Adjusted for:		
Share-based compensation (a)	2,270	1,408
TCPA settlement (b)	—	46
Other charges and expenses (c)	293	244
Amortization of intangibles (d)	2,525	3,421
Income tax benefit related to adjustments (e)	(1,382)	(1,366)
Adjusted Net Income	\$ 25,910	\$ 18,419
Adjusted Earnings per Share		
Basic	\$ 0.68	\$ 0.48
Diluted	\$ 0.67	\$ 0.48
Weighted-average common shares outstanding		
Basic	38,336,977	38,035,146
Diluted	38,937,699	38,043,233

(a) Equity awards were granted to employees and independent directors of the Company.

(b) Represents legal fees for the settlement of a class action lawsuit related to the TCPA.

(c) Includes loss on disposal of fixed assets and foreign currency (gains) losses.

(d) Represents the amortization of certain intangible assets that resulted from the application of push-down accounting.

(e) Represents the current and deferred tax impact of the taxable adjustments to net income using the Company's blended federal and state tax rate for each period. Relevant tax-deductible adjustments include all adjustments to net income.

Adjusted Earnings per Share - Basic (previously defined and used as described above) for the six months ended June 30, 2021 was \$0.68, representing an increase of \$0.20, or 41.7%, compared to \$0.48 for the six months ended June 30, 2020.

Adjusted Earnings per Share - Diluted (previously defined and used as described above) for the six months ended June 30, 2021 was \$0.67, representing an increase of \$0.19, or 39.6%, compared to \$0.48 for the six months ended June 30, 2020.

The following table presents the reconciliation of GAAP Earnings per Share, our closest GAAP measure, to Adjusted Earnings per Share:

	Six Months Ended June 30,		
	2021		2020
	Basic	Diluted	Basic and Diluted
GAAP Earnings per Share	\$ 0.58	\$ 0.57	\$ 0.39
Adjusted for:

TCPA settlement	—	—	NM
Other charges and expenses	0.01	0.01	0.01
Amortization of intangibles	0.07	0.07	0.09
Income tax benefit related to adjustments	(0.04)	(0.04)	(0.04)
Adjusted Earnings per Share	\$ 0.68	\$ 0.67	\$ 0.48

NM - Per share amounts are not meaningful.

The table above may contain slight summation differences due to rounding.

Adjusted EBITDA

Adjusted EBITDA (previously defined and used as described above) for the six months ended June 30, 2021 was \$40.0 million, representing an increase of \$9.4 million, or 30.8%, from \$30.6 million for the six months ended June 30, 2020. The increase in Adjusted EBITDA was primarily due to the increase in revenues of \$49.0 million, offset primarily by an increase in service charges from agents and banks of \$32.7 million due to an increase in transaction volume.

The following table presents the reconciliation of Net Income, our closest GAAP measure, to Adjusted EBITDA:

<i>(in thousands)</i>	Six Months Ended June 30,	
	2021	2020
Net Income	\$ 22,204	\$ 14,666
Adjusted for:		
Interest expense	2,594	3,503
Income tax provision	7,977	5,345
Depreciation and amortization	4,679	5,381
EBITDA	37,454	28,895
Share-based compensation (a)	2,270	1,408
TCPA settlement (b)	—	46
Other charges and expenses (c)	293	244
Adjusted EBITDA	\$ 40,017	\$ 30,593

(a) Equity awards were granted to employees and independent directors of the Company.

(b) Represents legal fees for the settlement of a class action lawsuit related to the TCPA.

(c) Includes loss on disposal of fixed assets and foreign currency (gains) losses.

Liquidity and Capital Resources

We consider liquidity in terms of cash flows from operations and their sufficiency to fund business operations, including working capital needs, debt service, acquisitions, contractual obligations and other commitments. In particular, to meet our payment service obligations at all times, we must have sufficient highly liquid assets and be able to move funds on a timely basis.

Our principal sources of liquidity are our cash generated by operating activities supplemented with borrowings under our revolving credit facility. Our primary cash needs are for day to day operations, to pay interest and principal on our indebtedness, to fund working capital requirements and to make capital expenditures.

Notwithstanding the recent effects of the COVID-19 pandemic in the U.S. economy, we have funded and still expect to continue funding our liquidity requirements through internally generated funds, supplemented in the ordinary course, with borrowings under our revolving credit facility. While our operating cash flows may be affected by the economic conditions resulting from the pandemic and other factors, we maintain a strong cash balance position and have access to committed funding sources, which we have used only on a limited and ordinary course basis during the six months ended June 30, 2021. Therefore, we believe that our projected cash flows generated from operations, together with borrowings under our revolving credit facility are sufficient to fund our principal debt payments, interest expense, our working capital needs and our expected capital expenditures for at least the next twelve months.

The Company and certain of its domestic subsidiaries as borrowers and the other guarantors from time to time party thereto (collectively, the “Loan Parties”) entered into a financing agreement with a group of banking institutions, dated November 7, 2018 and further amended on December 7, 2018 (the “Original Credit Agreement”). The Original Credit Agreement provided for a \$35 million revolving credit facility, a \$90 million term loan facility and an up to \$30 million incremental facility of which \$12 million was utilized for the term loan facility in 2019 and \$10 million was utilized for the revolving credit facility in May of 2021 (see below). The Original Credit Agreement also provided for the issuance of letters of credit, which would reduce availability under the revolving credit facility. The maturity date of the Original Credit Agreement was November 7, 2023.

Effective as of May 12, 2021, the Company amended the Original Credit Agreement by entering into Increase Joinder No. 2 (the “Joinder No. 2”) to the Original Credit Agreement, under which the revolving line of credit commitment under the Original Credit Agreement was increased by \$10 million to an aggregate of \$45 million. The Joinder No. 2 did not have any impact to any of the terms of the term loan facility under the Original Credit Agreement.

On June 24, 2021, the Loan Parties entered into an Amended and Restated Credit Agreement (the “A&R Credit Agreement”) with a group of banking institutions. The A&R Credit Agreement amended and restated in its entirety the Original Credit Agreement. The A&R Credit Agreement provides for a \$150 million revolving credit facility, an \$87.5 million term loan facility and an uncommitted incremental facility, which may be utilized for additional revolving or term loans, of up to \$70 million. The A&R Credit Agreement also provides for the issuance of letters of credit, which would reduce availability under the revolving credit facility. The proceeds of the term loan were used to refinance the \$87.5 million principal amount of the existing term loan under the Original Credit Agreement, and the revolving credit facility is available for working capital, general corporate purposes and to pay fees and expenses in connection with this transaction. The maturity date of the A&R Credit Agreement is June 24, 2026.

As of June 30, 2021, we had total indebtedness of \$87.5 million, consisting of borrowings under the term loan facility, excluding debt origination costs of \$2.5 million. There were \$220.0 million of additional borrowings available under these facilities as of June 30, 2021.

At the election of the Company, interest on the term loan facility and revolving credit facility under the A&R Credit Agreement is determined by reference to either LIBOR (subject to replacement) or a “base rate”, in each case plus an applicable margin ranging between 2.50% and 3.00% per annum for LIBOR loans and between 1.50% and 2.00% per annum for base rate loans depending on the level of our consolidated leverage ratio, as calculated pursuant to the terms of the A&R Credit Agreement. The Company is also required to pay a fee on the unused portion of the revolving credit facility equal to 0.35% per annum. The effective interest rates for the six months ended June 30, 2021 for the term loan facility and revolving credit facility, which substantially related to the Original Credit Agreement, were 5.19% and 0.98%, respectively.

Interest is payable (x)(i) generally on the last day of each interest period selected for LIBOR loans, but in any event, not less frequently than every three months, and (ii) on the last business day of each quarter for base rate loans and (y) at final maturity. The principal amount of the term loan facility under the A&R Credit Agreement must be repaid in consecutive quarterly installments of 5.0% in years 1 and 2, 7.5% in year 3, and 10.0% in years 4 and 5, in each case on the last day of each quarter, commencing in September 2021 with a final balloon payment at maturity. The term loans under the A&R Credit Agreement may be prepaid at any time without premium or penalty. Revolving loans may be borrowed, repaid and reborrowed from time to time in accordance with the terms and conditions of the A&R Credit Agreement. The Company is also required to repay the loans upon receipt of net proceeds from certain casualty events, upon the disposition of certain property and upon incurrence of indebtedness not permitted by the A&R Credit Agreement. In addition, the Company is required to make mandatory prepayments annually from excess cash flow if the Company’s consolidated leverage ratio (as calculated under the A&R Credit Agreement) is greater than or equal to 3.0, and the remainder of any such excess cash flow is contributed to the available amount which may be used for a variety of purposes, including investments and distributions.

The A&R Credit Agreement contains financial covenants that require the Company to maintain a quarterly minimum fixed charge coverage ratio of 1.25:1.00 and a quarterly maximum consolidated leverage ratio of 3.25:1.00. As of June 30, 2021, we were in compliance with the covenants of the A&R Credit Agreement. The A&R Credit Agreement also contains covenants that limit the Company’s and its subsidiaries’ ability to, among other things, grant liens, incur additional indebtedness, make acquisitions or investments, dispose of certain assets, change the nature of their businesses, enter into certain transactions with affiliates or amend the terms of material indebtedness.

In addition, the A&R Credit Agreement generally restricts the payment of dividends or cash distributions by the Company with certain exceptions, including the following: i) to repurchase the Company’s common stock from current or former employees in an aggregate amount of up to \$10 million per calendar year, and ii) other restricted payments in an aggregate amount not to exceed \$40 million plus the Available Amount (as defined in the A&R Credit Agreement).

The obligations under the A&R Credit Agreement are guaranteed by the Company and certain domestic subsidiaries of the Company and secured by liens on substantially all of the assets of the Loan Parties, subject to certain exclusions and limitations.

Our indebtedness could adversely affect our ability to raise additional capital, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk and prevent us from meeting our obligations. See “*Risk Factors—Risks Relating to Our Indebtedness—We have a substantial amount of indebtedness, which may limit our operating flexibility and could adversely affect our business, financial condition and results of operations*” included in our Annual Report on Form 10-K for the year ended December 31, 2020.

Cash Flows

The following table summarizes the changes to our cash flows for the periods presented:

<i>(in thousands)</i>	Six Months Ended June 30,	
	2021	2020
Statement of Cash Flows Data:		
Net cash provided by operating activities	\$ 70,290	\$ 21,473
Net cash used in investing activities	(3,181)	(1,591)
Net cash used in financing activities	(2,348)	(3,830)
Effect of exchange rate changes on cash	48	(184)
Net increase in cash	64,809	15,868
Cash, beginning of period	74,907	86,117
Cash, end of period	\$ 139,716	\$ 101,985

Operating Activities

Net cash provided by operating activities was \$70.3 million for the six months ended June 30, 2021, an increase of \$48.8 million from net cash provided by operating activities of \$21.5 million for the six months ended June 30, 2020. The increase is a result of \$41.5 million changes in working capital, which varies due to timing of transmittal orders and payments, and by additional cash generated by our operating results for the six months ended June 30, 2021, which were positively affected by the further growth of the business.

Investing Activities

Net cash used in investing activities was \$3.2 million for the six months ended June 30, 2021, representing an increase of \$1.6 million from net cash used in investing activities of \$1.6 million for the six months ended June 30, 2020. This increase was due to higher purchases of property and equipment during the six months ended June 30, 2021 as a result of the continued expansion of our business.

Financing Activities

Net cash used in financing activities was \$2.3 million for the six months ended June 30, 2021, which primarily consisted of a \$40.1 million repayment and \$2.9 million of debt origination costs in connection with the refinancing of the Original Credit Agreement, and a \$1.9 million scheduled quarterly payment due on the term loan facility, offset by \$40.2 million borrowings in connection with the refinancing of the Original Credit Agreement and \$2.4 million in proceeds from issuance of stock as a result of the exercise of options.

Net cash used in financing activities was \$3.8 million for the six months ended June 30, 2020, which consisted of scheduled quarterly repayments due on the term loan facility.

Contractual Obligations

The following table includes aggregated information about contractual obligations that affect our liquidity and capital needs. At June 30, 2021, our contractual obligations over the next several periods were as follows:

<i>(in thousands)</i>	Total	Less than 1 year	1 to 3 years	3 to 5 years	More than 5 years
Debt, principal payments	\$ 87,500	\$ 4,375	\$ 10,938	\$ 72,187	\$ —
Interest payments	12,367	2,774	5,183	4,410	—
Non-cancelable operating leases	4,619	1,530	1,981	1,108	—
Total	\$ 104,486	\$ 8,679	\$ 18,102	\$ 77,705	\$ —

Our condensed consolidated balance sheet reflects \$85.0 million of debt as of June 30, 2021, as the principal payment obligations of \$87.5 million are gross of unamortized debt origination costs. The above table reflects the principal and interest of the revolving credit facility and term loan facility under the A&R Credit Agreement that will be paid through the term of the debt using the rates in effect on June 30, 2021 and assuming no voluntary prepayments of principal.

Non-cancelable operating leases include various office leases, including our office headquarters.

Off-Balance Sheet Arrangements

We are not a party to any material off-balance sheet arrangements, such as guarantee contracts, retained or contingent interests, certain derivative instruments and variable interest entities that either have, or are reasonably likely to have, a current or future material effect on our condensed consolidated financial statements.

Critical Accounting Policies and Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions about future events that affect amounts reported in our condensed consolidated financial statements and related notes, as well as the related disclosure of contingent assets and liabilities at the date of the financial statements. Management evaluates its accounting policies, estimates and judgments on an on-going basis. Management bases its estimates and judgments on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions and conditions.

Critical accounting policies are those policies that management believes are very important to the portrayal of our financial position and results of operations, and that require management to make estimates that are difficult, subjective or otherwise complex. Our Critical Accounting Policies and Estimates disclosed in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Policies and Estimates*” in our Annual Report on Form 10-K for the year ended December 31, 2020, for which there were no material changes, included the following:

- Revenue Recognition
- Accounts Receivable and Allowance for Credit Losses
- Goodwill and Intangible Assets
- Income Taxes

Recent Accounting Pronouncements

Refer to Note 1 of our unaudited condensed consolidated financial statements included in this filing for further information on recent accounting pronouncements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**Foreign Currency Risk**

We manage foreign currency risk through the structure of the business and an active risk management process. We currently settle with our payers in Latin America primarily by entering into foreign exchange spot transactions with local and foreign currency providers (“counterparties”). The foreign currency exposure on our foreign exchange spot transactions is limited by the fact that all transactions are settled within two business days from trade date. Foreign currency fluctuations, however, may negatively affect our average exchange gain per transaction.

In addition, included in wire transfer and money orders payable, net in our condensed consolidated balance sheets as of June 30, 2021 and December 31, 2020, there are \$15.3 million and \$7.6 million, respectively, of wires payable denominated in foreign currencies, primarily Mexican pesos and Guatemalan quetzales.

Also, included in prepaid wires, net in our condensed consolidated balance sheets as of June 30, 2021 and December 31, 2020, there are \$11.6 million and \$50.1 million, respectively, of prepaid wires denominated in foreign currencies, primarily Mexican pesos and Guatemalan quetzales.

We are also exposed to changes in currency rates as a result of our investments in foreign operations and revenues generated in currencies other than the U.S. dollar. Revenues and profits generated by international operations will increase or decrease because of changes in foreign currency exchange rates. This foreign currency risk is related primarily to our operations in our foreign subsidiaries. Revenues from our foreign subsidiaries represent less than 1% of our consolidated revenues for the six months ended June 30, 2021. Therefore, a 10% increase or decrease in these currency rates against the U.S. dollar would result in a de minimis change to our overall operating results.

The spot and average exchange rates for Mexico, Guatemala and Canada currencies to U.S. dollar are as follows:

	2021		2020	
	Spot ⁽¹⁾	Average ⁽²⁾	Spot ⁽¹⁾	Average ⁽²⁾
U.S. dollar/Mexico Peso	19.89	20.17	19.89	21.64
U.S. dollar/Guatemala Quetzal	7.74	7.72	7.79	7.68
U.S. dollar/Canadian Dollar	1.24	1.25	1.28	1.36

⁽¹⁾ Spot exchange rates are as of June 30, 2021 and December 31, 2020.

⁽²⁾ Average exchange rates are for the six months ended June 30, 2021 and 2020.

Long-term sustained appreciation of the Mexican peso or Guatemalan quetzal as compared to the U.S. dollar could affect our margins.

Interest Rate Risk

Interest on the term loan facility and revolving credit facility under the A&R Credit Agreement is determined by reference to either LIBOR (subject to replacement) or a “base rate”, in each case plus an applicable margin ranging between 2.50% and 3.00% per annum for LIBOR loans and between 1.50% and 2.00% per annum for base rate loans depending on the level of our consolidated leverage ratio. The Company is also required to pay a fee on the unused portion of the revolving credit facility equal to 0.35% per annum. Because interest expense is subject to fluctuation, if interest rates increase, our debt service obligations on such variable rate indebtedness would increase even though the amount borrowed remained the same. Accordingly, an increase in interest rates would adversely affect our profitability.

As of June 30, 2021, we had \$87.5 million in outstanding borrowings under the term loan and revolving credit facility. A hypothetical 1% increase or decrease in the interest rate on our indebtedness as of June 30, 2021 would have increased or decreased cash interest expense on our term loan facility by approximately \$0.9 million per annum.

Credit Risk

We maintain certain cash balances in various U.S. banks, which at times, may exceed federally insured limits. We have not incurred any losses on these accounts. In addition, we maintain various bank accounts in Mexico, Guatemala and Canada, which are not insured. During the six months ended June 30, 2021, we have not incurred any losses on these uninsured accounts. To manage our exposure to credit risk with respect to cash balances and other credit risk exposure resulting from our relationships with banks and financial institutions, we regularly review cash concentrations, and we attempt to diversify our cash balances among global financial institutions.

We are also exposed to credit risk related to receivable balances from sending agents. We perform a credit review before each agent signing and conduct ongoing analyses of sending agents and certain other parties we transact with directly. As of June 30, 2021, we also

had \$1.6 million outstanding of notes receivable from sending agents. Most of the notes are collateralized by personal guarantees from the sending agents and by assets from their businesses. Due to the COVID-19 pandemic, it is possible we could be adversely affected by credit losses, such as those related to our outstanding notes receivables from sending agents. At the date of this report, however, we are not aware of any significant exposure and are continuing to monitor our credit risk.

Our provision for credit losses was approximately \$0.7 million for the six months ended June 30, 2021 (0.6% of total revenues) and \$1.1 million for the six months ended June 30, 2020 (0.7% of total revenues). The decrease in our provision for credit losses in the six months ended June 30, 2021 is due to the 2020 provision including losses resulting from the deterioration of the creditworthiness of a small number of sending agents rather than the result of sending agents that were adversely affected by the COVID-19 pandemic.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) that are designed to ensure that information required to be disclosed in our reports filed or submitted pursuant to the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules, regulations and related forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and President, and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues, if any, within an organization have been detected. Accordingly, our disclosure controls and procedures are designed to provide reasonable, not absolute, assurance that the objectives of our disclosure control system are met.

As required by Rules 13a-15(b) and 15d-15(b) under the Exchange Act, our Chief Executive Officer and President, and Chief Financial Officer carried out an evaluation of the effectiveness of our disclosure controls and procedures as of June 30, 2021. Based on their evaluation, the Company’s principal executive officer and principal financial officer concluded that the Company’s disclosure controls and procedures were effective and operating to provide reasonable assurance that material information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, including ensuring that such material information is accumulated and communicated to our management, including our Chief Executive Officer and President, and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure as of June 30, 2021.

Changes in Internal Control Over Financial Reporting

During the most recently completed fiscal quarter, there have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we are subject to various claims, charges and litigation matters that arise in the ordinary course of business. We believe these actions are a normal incident of the nature and kind of business in which we are engaged. While it is not feasible to predict the outcome of these matters with certainty, we do not believe that any asserted or unasserted legal claims or proceedings, individually or in the aggregate, will have a material and adverse effect on our business, financial condition and results of operations.

Reference is made to Note 13 – Commitments and Contingencies in the Unaudited Condensed Consolidated Financial Statements of International Money Express, Inc. contained elsewhere in this Quarterly Report on Form 10-Q for information regarding certain legal proceedings to which we are a party, which information is incorporated by reference herein.

ITEM 1A. RISK FACTORS

There have been no material changes to our principal risks that we believe are material to our business, results of operations and financial condition, from the risk factors previously disclosed in the Annual Report on Form 10-K for the year ended December 31, 2020 (the “2020 Form 10-K”). Prospective investors are encouraged to consider the risks described in our 2020 Form 10-K, our Management’s Discussion and Analysis of Financial Condition and Results of Operations contained in this Quarterly Report on Form 10-Q and in our 2020 Form 10-K, and other information publicly disclosed or contained in documents we file with the Securities and Exchange Commission before purchasing our securities.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS**Exhibit No. Document**

10.1 **	Increase Joinder No. 2 to Credit Agreement, dated as of May 12, 2021, by and among International Money Express, Inc., as Holdings, International Money Express Sub 2, LLC, as Intermediate Holdings, Intermex Holdings, Inc., as the Term Borrower, Intermex Wire Transfer, LLC, as the Revolver Borrower, the other guarantors from time to time party thereto, the lenders from time to time party thereto and KeyBank National Association, as the Administrative Agent and L/C Issuer. CERTIFICATIONS

I, Robert Liszy, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of International Money Express, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
